MAY 25 1949

U S PATENT OFFICE

Gentlemen:

Our catalog portfolio is being mailed to you today at the request
of Mr. C. E. Haglund.

We do not have any previously issued catalogs available.

Yours very truly,

INVINCIBLE METAL FURNITURE CO.

Vice President

GHA:GB
Enc.

5 DRAWER FILE

U S PATENT OFFICE

Turned-plate tracks are recessed in the drawer sides. Lock notches are spaced approximately 4 to the inch, thus holding filed material firmly and securely.

FINGER-TOUCH POSITIVE LOCK COMPRESSOR

Filing of letters is a faster, more efficient routine with the new Invincible positive locking compressor. This new compressor pulls up tight, locks securely, holds firmly — yet, unlocks quickly under a slight pressure of the fingers. Sliding motion is smooth and even.

BALL BEARING CRADLE TYPE PROGRESSIVE SUSPENSION

Cradle type side suspension has surplus strength for a maximum drawer load. Drawer may easily be removed by raising it off the suspension.

Ball bearing rollers combined with free-floating rollers assure smooth rolling action at the slightest touch. Drawers close silently on cushioned stops.

RAILS AND REAR UPRIGHTS FOR HANGING FOLDERS

Rails and rear uprights for hanging folders may be installed at the factory or in the field, at an additional cost.

PATENT OFFICE

JUN 21 1949

DESIGN DIVISION SWAY BLOCKS

When specified, drawers can be furnished with five sway blocks in lieu of compressor unit in both Letter and Legal size drawers.

COLORS

With all Invincible filing equipment you have your choice of 4 beautiful finishes — olive green, walnut, mahogany or the smart new Mod-ernaire gray.

- 1050 5-drawer letter file
- 1050-L Same with general lock
- 1051 5-drawer legal file
- 1051-L Same with general lock

Outside Dimensions:

Letter—15" wide x 60" high x 28" deep
Legal—18 1/8" wide x 60" high x 28" deep

Inside Drawer Dimensions:

Letter—12 1/4" wide x 10 1/8" high x 27" deep
Legal—15-5/16" wide x 10 1/8" high x 27" deep

Filing Capacity — 26" Per Drawer

Keep Your Valuable Documents Hidden From Prying Eyes

With A Built-In Concealed Safe Unit

**A Good File
to Have in Office and Home**

LIBRARY

MAY 25 1949

U S PATENT OFFICE

The Invincible Concealed Safe Unit is obtainable in the desk high, counter high, and standard four-drawer filing cabinet height, letter or cap size, with or without a general lock which locks the file drawers. In the letter size files, the safe unit is 11 1/2" wide x 10" high, with a depth of 18 1/2". In the cap size file, the unit is 14 1/2" wide. The Concealed Safe Unit provides generous capacity for office, professional and home valuables.

RETURN TO
DESIGN DIV.

- Everybody has valuables of one kind or another that they like to keep under "lock and key." In many cases, lock-and-key security is not enough to keep these valuables away from curious people.

The patented Invincible Concealed Safe Unit offers unusual protection with handy convenience. To the casual visitor to your office or home, your personal filing cabinet is just that — a file only — the safe is not discernible.

In any type of office, documents should be safeguarded beyond the ordinary security of a locked desk or drawer. An Invincible Filing Cabinet with the Concealed Safe Unit provides this kind of safeguard.

In the home, it provides security for valuables and a good file for keeping household records—letters, bills, statements, school records of the children and many other papers of documentary importance. The unique combination filing cabinet and safe permits orderly and secure handling of the many daily records housewives must keep.

PROVIDES A
SAFE PLACE
FOR
DOCUMENTS,
RECEIPTS,
PERSONAL
RECORDS,
CASH,
ACCOUNT
BOOKS,
IMPORTANT
LETTERS,
INSURANCE
POLICIES,
JEWELRY,
PRECIOUS DRUGS
AND OTHER
VALUABLES.

- The patented Invincible Concealed Safe Unit has a heavy armor plate door with an automatic three-point lock. The door is one-half inch solid steel. The hinge is concealed. Heavy side lock bolts are operated automatically by a substantial combination lock. The door is beautifully jiggered.

The safe unit is inseparably welded into the top drawer space of the file. It is covered with asbestos, giving the contents added protection against fire.

**THE CONCEALED SAFE UNIT
IS AN INVINCIBLE EXCLUSIVE!**
